AIM Lux, C-Quadrat Europe Selection (R)

Fund Description

The sub fund's objective is to seek, over the recommended investment period of three years, a performance linked to international equity markets, mainly European, within the framework of discretionary management.

Management is exercised through long and short positions in global equity markets, mainly European, selected on a discretionary basis

The sub fund is not managed in relation to a benchmark indicator but may, for retrospective comparison purposes, compare its performance with that of the compound index of 40 % (capitalised &STR + 0.085%) + 60 % STOXX Europe 600 (dividends reinvested).

Disclaimer

This marketing document is provided for non-binding information purposes only and does not represent any offering or invitation to purchase or sell units in an investment fund, and nor should it be deemed an invitation to submit an offer for conclusion of any contract on investment services or collateral performance. This document cannot replace the advice of your personal investment advisor.

The basis for the purchase of investment fund units is the presently valid prospectus, the current versions of the key information document (Prospectus) as well as the annual report and, if older than eight months, the semi-annual report

Additional information and documents may be requested to the AIFM: C-Quadrat AM France, 14 Rue de Bassano, 75016 Paris, France.

Past performance figures and simulated performance do not constitute any reliable indicator of future performance. Fund-based investments are subject to general economic risks as well as fluctuations in value which may result in losses — and even the total loss of the capital invested. Express reference is made to the detailed risk notices provided in the prospectus.

All performance figures indicated are gross performance figures. These include any costs arising at the fund level and assume the reinvestment of any distributions.
